

What's Happening @ BSCP

October 2022 Edition

Upcoming Events

Skills Workshops for College and High School Students

Saturday, October 29, 2022

Taking place at Harvard Medical School, this program focuses on skills development and will also include a session for parents/caregivers as well as an internship fair with BSCP partner organizations. An application is required however there is no fee to attend. For more information please see the [flyer](#) and [agenda](#).

Application Deadline has been Extended to this Monday, October 17, 2022

New England Science Symposium

Abstract Review Session - Saturday, December 3, 2022

This session is designed for individuals who wish to receive feedback on their abstract from advisors and peers before submitting it. The meeting will be set-up in small groups (5-7 individuals) where students will give 2-4 minute elevator pitch to the group. Participating in this session is not required, nor does it guarantee acceptance. If you are interested in, please prepare your abstract and submit your application by November 16th at the link below. Please have your ABSTRACT ready BEFORE filling the application.

New England Science Symposium

Sunday, April 2, 2023

The New England Science Symposium (NESS), established in 2002, provides a forum for postdoctoral fellows; medical, dental and graduate students; post-baccalaureates; college and community college students (particularly for Black/African-American, Hispanic/LatinX and American Indian/Alaska Native individuals) to share their biomedical and health-related research activities through oral or poster presentations, to engage in discussions related to career development in the sciences, to exchange ideas and to expand their professional networks. Abstract submission and registration forms available now at www.NewEnglandScienceSymposium.org There is no fee but pre-registration is required. Deadline to submit an abstract is January 6, 2023.

Resources and Highlights

• Vertex Opportunities

1. Vertex has many opportunities available! Early career, Co-ops and Summer Internships! Find them all on the [BSCP website](#). Vertex is committed to providing a higher internal level of visibility to BSCP applicants. In addition to listing BSCP on your resume, please let Pinar Kilicci-Kret (pinar_kilicci-kret@hms.harvard.edu) know if you applied to any of the Vertex positions and select the BSCP source code when asked how you heard about the opportunity.
2. Vertex Internship program is now accepting applications! Each year Vertex has internship opportunities across all functional areas. [Click here](#) for more information. A Vertex Intern experience includes:
 - ⇒ A challenging and meaningful 10-week assignment beginning end of May/early June -ending the first week of August
 - ⇒ Participation in professional development workshops and networking events with Vertex employees
 - ⇒ An end-of-summer capstone event that will capture your learnings and share your experience with the broader company.

- **Hispanic Scholarship Fund:** The Hispanic Scholarship Fund (HSF) is looking to recruit participants for virtual HSF College 101, which will take place via Zoom on **Saturday, November 5, 2022 from 10:00 AM to 1:00 PM EST**. This is a free opportunity for students and parents [Click here](#) to learn more and to access the event page.

- **Bristol Myers Squibb** has multiple job opportunities available at their offices in Cambridge and Devens. [Click here](#) to see all opportunities available. Please let us know if you apply to any of these opportunities.

- **Harvard Medical School Ponce Lab** at the Department of Neurobiology have several open fully funded 3-5 year positions for highly-motivated applicants interested in high-level vision — at the post-baccalaureate and postdoctoral levels. Please [click here](#) for more information. If you apply please make sure to mention being a BSCP Participant and email pinar_kilicci-kret@hms.harvard.edu.

- **Research and Mentorship Program (RAMP)** application for the 2023-2024 cycle is now open! RAMP provides structured mentorship and project funding for African-American/Black, Hispanic/Latinx, Native American/American Indian, Native Hawaiian, Asian and Pacific Islander medical students. To complete a request for application, please [click here](#) or contact: Linda Oseso at loseso@fredhutch.org. Applications are due by 5:00 PM PST on January 2nd, 2023.

- **Dana-Farber/Harvard Cancer Center** na-Farber/Harvard Cancer Center is excited to announce that their umbrella of student training programs is now accepting applications for the 2023 cycle. These are paid research internships that support students in developing scientific research skills and exploring careers in STEM. [Click here](#) to learn more.

- **Boston Children's Hospital** Biobehavioral Research Laboratory, under the direction of Michelle Bosquet Enlow, Ph.D., seeks a highly qualified postdoctoral fellow with an interest in developmental psychopathology and neurodevelopment. The ideal candidate will have experience in EEG and related methods (e.g., evoked potential [ERP]), and the analytic/statistical skills to relate such data to a wealth of existing and to-be-collected clinical and behavioral data. [Click here](#) for more information.

- **UConn Health** is hosting a Fall Open House for their [Biomedical Science PhD program](#) being held virtually on **Friday, October 28, 2022** from 2:00-4:00 PM. Open House includes: Program Overview, RFRT: Rapid Fire Research Talks, Breakout Rooms and Systems Biology Panel Discussion with Current Students. Join us virtually to learn more about what our program has to offer! [Click here](#) to RSVP to this event, [by Wednesday, October 26](#).

• Regeneron Opportunities

1. 2023 Internship & Co-op job postings are now available! Please go to our careers site and apply to what best matches your experience and interest. [Click here](#) for more information. Please let Pinar Kilicci-Kret (pinar_kilicci-kret@hms.harvard.edu) know if you applied to any of the Regeneron positions.
2. Postdoctoral program is a multi-faceted program that integrates cutting edge science with didactic training, discussion groups, and focused, multi-tiered mentoring. [Click here](#) to learn more.

- **Damon Runyon Physician-Scientist Training Award** Physician-scientists who are both clinically trained and expert researchers are essential to the successful translation of scientific discovery into more effective patient therapies. However, the pipeline of physician-scientists is dwindling. In an effort to confront the crisis arising from a growing dearth of physician-scientists, Damon Runyon wishes to encourage more physicians to pursue research careers. [Click here](#) to find out how to apply. **Application Deadline: December 1, 2022.**

Evening of Hope 2022

THANK YOU TO ALL OF OUR SUPPORTERS!

BSCP's Evening of Hope took place on Monday, October 3, 2022 and celebrated 31 years of promoting equity, justice and inclusion within our community. With your help, this year's Evening of Hope was the most successful to date!

Congratulations to the 2022 HOPE Award, Alumni Award and Scholarship Recipients, and this year's Honor Roll Inductees!

HOPE AWARD

Kevin Churchwell, M.D.
President and Chief Executive Officer
Boston Children's Hospital

J. Keith Motley, Ph.D.
Distinguished Professor and
Chancellor Emeritus
University of Massachusetts Boston

HOPE ALUMNI AWARD

April Khadijah Inniss, M.D., M.Sc.
Director of Community Engaged Research
King Boston

SCHOLARSHIP RECIPIENTS

Christopher George - State University of New York, Downstate

Rebecca Louisthelmy - University of Maryland College Park

Christina Pierre - Boston University

Hope Scholarship Sponsors – Biogen Foundation, Sanofi Genzyme, and an anonymous donor

BSCP HONOR ROLL

Mark Goldberg, M.D.
Brigham and Women's Hospital

Dr. Samantha Kaplan, M.D.
Boston University School of Medicine

Dr. Po Tse, Ph.D.
Philips Engineering Solutions

Save The Dates

Skills Workshops

Saturday, October 29, 2022

Biomedical Science Careers Student Conference

Friday, March 31 and Saturday, April 1, 2023
