

What's Happening @ BSCP

February 2023 Edition

Upcoming Events

2023 Biomedical Science Careers Student Conference

The Westin Copley Place in Boston, Massachusetts

Friday, March 31, 2023 from 6:00 PM to 9:15 PM AND Saturday, April 1, 2023 from 7:30 AM to 6:00 PM

Deadline Extension [February 13, 2023](#)

The aim of the Conference is to provide students/fellows with an opportunity to network with advisors/role models from the basic and clinical sciences, medicine, public health, academia and the biopharmaceutical industry. These advisors/role models will encourage students/fellows to complete advanced studies and provide concrete advice and information on available resources, professional opportunities and career paths in biomedical science and other science-related fields. The Conference also enables student/fellow participants to meet, inspire and network with one another. Additionally, each Conference offers breakout and plenary sessions, and a program featuring science resources, including internships, summer programs and after-school activities. [For more information click here.](#)

22nd Annual New England Science Symposium

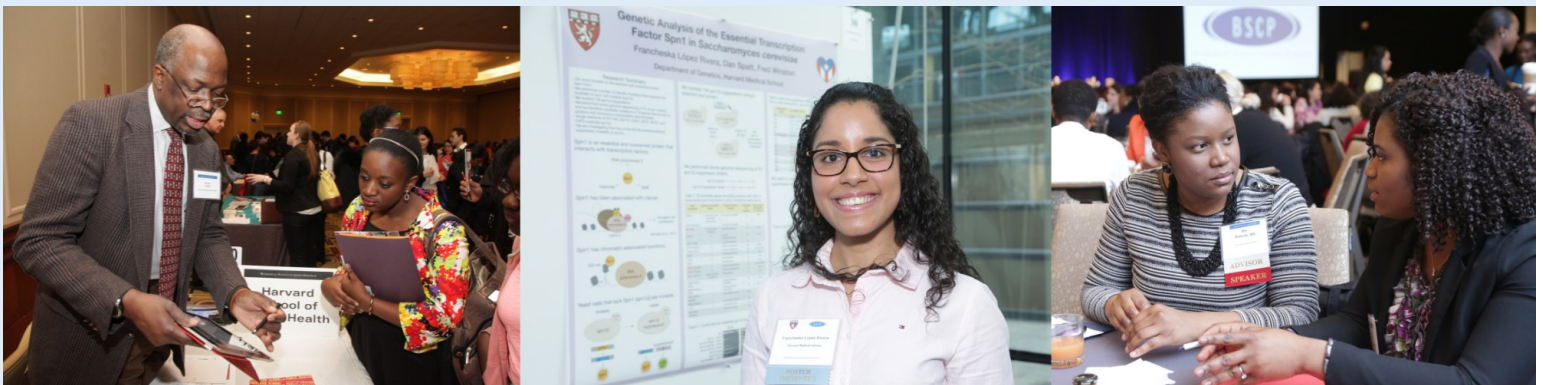

Sunday, April 2, 2023

The Joseph B. Martin Conference Center at Harvard Medical School

The New England Science Symposium (NESS), established in 2002, provides a forum for postdoctoral fellows; medical, dental and graduate students; post-baccalaureates; college and community college students (particularly for Black/African-American, Hispanic/LatinX and American Indian/Alaska Native individuals) to share their biomedical and health-related research activities through oral or poster presentations, to engage in discussions related to career development in the sciences, to exchange ideas and to expand their professional networks. The event is free to attend but [registration is required](#).

Register here on the NESS website: www.NewEnglandScienceSymposium.org.

Contact Rodolfo Ramos with questions at Rodolfo_ramos@hms.harvard.edu.

Resources

- **BSCP Educational Fund for Laptops** - Thanks to a BSCP partner company, limited number of refurbished laptops are available for BSCP students particularly rising college freshman and community college students who otherwise may be unable to have a personal computer due to financial hardship. Click [here](#) to apply online.
- **BSCP Educational Relief Fund** (formerly COVID-19 Educational Relief Fund) - The next deadline for submission is February 28th find out more [here](#).
- **Takeda Pharmaceuticals** has internships **exclusively** for **BSCP** participants! BSCP Exclusive Summer Internships at Takeda – These internships blends real world experience with an extensive overview of the pharmaceutical industry. Knowledgeable mentors will provide guidance as you gain professional hands-on experience to start your career or further develop in your expertise. Find position listing [here](#). Application Deadline: Thursday, February 16, 2023.
- **Cytiva** has lots of early career opportunities – Are you a committed student with ambitious goals? Are you looking to join a diverse organization that is committed to making meaningful contributions to the world? If so, we invite you to explore our Early Career Leadership Development programs in Operations (OLP), or STEM. Take on important responsibilities. Learn to lead and run a business. Make an impact. Pursue your purpose. Join us [here](#).
- **Vertex Opportunities** - [Jobs available at Vertex!](#) Vertex is committed to providing a higher internal level of visibility to BSCP applicants. In addition to listing BSCP on your resume, please let Pinar Kilicci-Kret (pinar_kilicci-kret@hms.harvard.edu) know if you applied to any of the Vertex positions and select the BSCP source code when asked how you heard about the opportunity.
- **Regeneron Opportunities** 2023 Internship & Co-op job postings are now available! Please go to our careers site and apply to what best matches your experience and interest. Please click [here](#) for more information and available opportunities. Please let Pinar Kilicci-Kret (pinar_kilicci-kret@hms.harvard.edu) know if you apply to any of the Regeneron positions.
- **Bristol Myers Squibb** has several open positions for both their Cambridge and Devens offices. Please click [here](#) to learn more.
- **Boston Children’s Hospital** - Postdoctoral Training Position in Informatics, Genomics, Machine Learning, Artificial Intelligence, and Biomedical Data Science at Boston Children’s Hospital / Harvard Medical School. For the full listing please find the details posted here – <http://chip.org/training/postdoctoral-training-informatics-genomics-machine-learning-artificial-intelligence>
- **NIH Immersive Summer Program for Research in Genomics (iSPRinG)** aims to build and sustain a skilled and diverse workforce of genome scientists in basic, behavioral, clinical and social science research. **iSPRinG** will introduce highly motivated students to the field of genomics research. Program participants will gain experience in the full spectrum of [genomics research at NHGRI](#). Application information can be found [here](#).
- **Yale Ciencia Academy (YCA) for Professional Development**, an NIH-funded initiative to equip doctoral students interested in biological, biomedical or behavioral research at their final 1-2 years with the knowledge, skills, and networks they need to find great postdoctoral positions that will further their academic interests and career goals. Please click [here](#) to learn more. The application period closes March 1, 2023, and the program runs from June 2023 to June 2024.
- **Vermont Biomedical Research Network (VBRN) Summer Internship Program** Through this program undergraduates can get paid to conduct full-time biomedical research with scientists at Vermont biotechnology companies or UVM labs. Housing at UVM and research stipend for supplies are also provided. Internship dates are June 1-August 4, 2023. Drop into an informational session to learn more and/or email ybrn@uvm.edu with your questions. **Application deadline is Tuesday, February 21, 2023**. Virtual informational session: Fri. February 10, 2023 | 1:00-2:00 PM - [Zoom link](#)
- **Bridges to College Biotechnology Training Program** prepares you for a career working in the thriving biotechnology industry doing lab research, manufacturing, and quality control and to start college! Please click [here](#) to learn more.
- **LabCentral Ignite’s Career Forge program** identifies exceptional people and empowers them with relevant skills needed to forge their path into the biotech industry. This is a 4-week program that helps to get you into Research Associate roles. Please click [here](#) to learn more.

Save The Dates

[Biomedical Science Careers Student Conference](#)

Friday, March 31 and Saturday, April 1, 2023
