ANNOUNCEMENT

BSCP ALUMNI NETWORK

The BSCP Alumni Network is live!! If you are a past participant of BSCP who is now working in your chosen profession, join our shiny new alumni group today 😊 This group was created by BSCP alumni who understand that the need for community, networking, and resources doesn't stop after you graduate.

Through mentorship and other collaborative initiatives, we strive to create a community that celebrates individuality, promotes lifelong learning, and amplifies the lasting impact of BSCP. Click here to [JOIN US TODAY!](#)

RESOURCES

INTERNSHIPS & EARLY CAREER

Quest Diagnostics - The Summer Lab Internship Program at Quest Diagnostics offers students the opportunity to gain experience in a clinical laboratory environment. Summer Lab Interns work with whole laboratory specimens to perform a wide range of tests ranging from simple to complex, applying a combination of manual lab procedures/ techniques and state-of-the-art instruments. Interns will also have the opportunity to apply their background and skills gained in education to various process improvement projects. Click [here](#) for more.

Western Washington University - Environmental Health & Safety Department is seeking a Laboratory Safety Consultant who will be responsible for developing and implementing major components of the lab safety program. We encourage applications from women, people of color, people with disabilities, veterans, and other candidates from underrepresented backgrounds and with diverse experiences interested in this opportunity. Click [here](#) to learn more.

VA CHOIR - Paid Summer Research Program. A Summer Program for Professional Development and Research Skills for Students from Under-Represented Groups (Summer 2024) Introduction: The Center for Healthcare Organization and Implementation Research (CHOIR) is a Department of Veterans Affairs (VA) health services research center situated jointly at the VA Bedford and VA Boston Healthcare Systems. Click [here](#) to apply by March 11th.

APPLYING TO MEDICAL SCHOOL?

Harvard Medical School - The Office of Recruitment and Multicultural Affairs is hosting webinars to demystify and strengthen the application process of students applying to medical school.

- Interviewing Best Practices - 2/22/2024
- Why Medicine? - 4/18/2024

STEM COMPETITIONS

L'Oreal - There's an amazing opportunity that should be on your radar – Brandstorm – L'Oreal's signature innovation competition that gives you the chance to compete on an international platform. Think you might have the next big idea to innovate professional beauty and the salon experience? We're talking about augmented beauty services, the new online + offline points of experience or e-commerce of the future. Interested? Click [here](#) to register at brandstorm.loreal.com today!

SIGMA XI Scientific Research Honor Society - Has opportunities for STEM students! Compete for monetary awards and gain valuable science communication skills by taking part in the 2024 Student Research Showcase. The annual online competition is open to all STEM students at the high school, undergraduate, or graduate level. The registration deadline is March 22 and the event will take place April 7–21, 2024. Visit sigmaxi.org/SRS for more information on disciplines, categories, and how to register.

LET US KNOW IF YOU APPLY!

Being a BSCP Student, gives you access to our partners! We will frequently post jobs as well as internships, co-ops, scholarships and exclusive opportunities sent to us directly by our partners in biotech and academia! If you happen to apply to any of these listings, always mention BSCP's name and also let us know by emailing Pinar Kilicci-Kret at (pinar_kilicci-kret@hms.harvard.edu)

RESOURCES

FELLOWSHIP OPPORTUNITIES

Harvard Medical School - Applications are now being accepted for the 2024-2026 Dean's Postdoctoral Fellowship (DPF). DPF program is administered through Harvard Medical School Office for Diversity Inclusion and Community Partnership whose mission is to advance diversity inclusion in the health, biomedical, behavioral, and STEM fields that builds individual and institutional capacity to achieve excellence, foster innovation, and ensure equity in health locally, nationally, and globally. The deadline to apply is April 15, 2024. [Click here](#) for more information.

The Yale Ciencia Academy (YCA) is a FREE year-long program that equips biomedical or health sciences doctoral students from underrepresented backgrounds who are ~2 years away from graduation with the knowledge, skills, and networks they need to find great post-PhD positions. Fellows will participate in in-person and virtual activities to become part of a supportive peer community; develop important career planning, mentoring, and scientific and interpersonal communication skills and products; and connect with role models from diverse backgrounds. Click [here](#) for more.

National Institute on Aging (NIA) - Free online certificate program "Best Practices for Integrating Health Equity into ePCTs for Dementia Care". This program is designed for investigators, health professionals, graduate students, and others interested in expanding their knowledge on integrating health equity into planning, designing, and conducting non-pharmacological ePCTs of dementia care interventions embedded in health care systems. Click [here](#) for more information.

Stanford PRISM & Propel - Applications are now open for two Stanford programs committed to supporting a thriving, diverse postdoc population:

- Stanford PRISM invites graduate students from any field to explore postdoctoral training at Stanford. PRISM candidates visit Stanford's campus to meet with faculty and current postdocs to consider whether Stanford is a good fit for their next step. Deadline Feb 25, 2024.
- The Propel Postdoctoral Scholars program is for incoming and early postdocs in the biosciences at Stanford who have a strong desire to become faculty.

Eligible applicants may apply to either or both programs. Click [here](#) for further details.

American Institute of Biological Sciences (AIBS) and the Southeastern Universities Research Association (SURA) are jointly offering a paid Inclusive, Diverse, Equitable, Accepting, and Accessible (IDEA 2) Public Policy Fellowship in the summer of 2024 for current and recent graduate students in the life sciences or a closely related field. The Fellow will work on science policy projects, attend Congressional meetings, and more. Click [here](#) for more information.
